Kit 411 - ResQmax Surf Rescue / Messenger Line Deployment Kit

Description

The ResQmax Kit 411 is a Surf Rescue / Messenger Line Deployment Kit supplied with two payloads and all the accessories required to operate the ResQmax.

The Dacron Line is a messenger line which allows for long range horizontal deployment distances of 400ft / 122m. This line can be used to tow larger, stronger ropes across a body of water or from ship-to-shore.

The Polypropylene Line has a stronger test strength of 1,100 lbs / 500 kg and is intended to be used in water-based operations which require the line to float. This line, when coupled with the Sling Projectile, becomes an effective way to assist a distressed swimmer who may be caught in a rip tide by delivering the ResQmax Sling within seconds. The Auto-Inflating Sling has a mechanism which inflates the Sling on contact with water.

The ResQmax Streamline Filler Hose facilitates charging the Projectiles with compressed air from an Air Compressor, an SCBA Tank, or a SCUBA Tank. The service pressure of these Projectiles is 3,000 psi / 207 bar.

This kit comes complete with spares and a Kit Carry Bag for easy carrying. Optional accessories include the ResQmax Tool Kit and a Rigid Transport/Storage Case. Additional projectiles and lines are available with all of the ResQmax Kits.

Shipping Dimensions: 25 x 13 x 13" - 27 lbs

Filler Hose Adapter Options

Below are the adapters available with the Filler Hose Assembly. Please select from the following choices:

SCBA Adapter
(American Standard)
Part #: 9111-S

SCUBA Adapter
Part #: 9121-S

SCBA-DIN Adapter
(European Standard)
Part #: 9131-S

SCBA Compressor Adapter
Part #: 9151-S

SCUBA Compressor Adapter
Part #: 9171-S

SCBA-DIN Compressor Adapter
Part #: 9161-S

KIT CONTENTS:

- 1 - Part #500 ResQmax Launcher - Red
- 1 - Part #300-S Streamline Projectile with 2 spare covers
- 1 - Part #301-S Streamline Sling Projectile with 4 spare burst capsules
- 1 - Part #805 500lb test 3mm Dacron Line (500ft / 152m) in Compact Line Container
- 1 - Part #808 1,100lb test 6mm Polypropylene Line (328ft / 100m) in Compact Line Container
- 1 - Part #60402-S Streamline Nozzle Protector - 5 pack
- 1 - Part #712 CO₂ Cylinders and Bobbins - 5-pack
- 1 - Part #714 O-ring Kit - 10-pack (various)
- 1 - Part #715 Corrosion Block
- 1 - Part #720 ResQmax Operations Manual
- 1 - Part #725 ResQmax Training CD
- 1 - Select Streamline Filler Hose (see adapter options above)
- 1 - Part #907 Cordura Kit Carry Bag - Red
